## AAE Systems, Inc. Awarded Contract by Major U.S. Oil Firm

**Sunnyvale, CA (31 January 2007)** – AAE Systems, Inc. (AAE), a satellite-based equipment manufacturer and communication turnkey solutions provider, announced that it has been awarded with a contract by a major U.S.-based oil services corporation with operations in the Sultanate of Oman. Under this contract, AAE agreed to supply the oil firm with products from its Eclipse MF-TDMA DAMA product line.

According to the terms of the contract, AAE will supply and install Eclipse modems throughout the region, connecting various sites operated by the oil firm. The modems will act as the basis for a network that enables data connectivity between each location.

World-renowned for providing cost-effective, reliable, bandwidth-efficient MF-TDMA DAMA solutions, the Eclipse product line easily meets varying system requirements.
